# FERRA

Design | Mario Ferrarini

FERRA is an executive conference chair that merges timeless design with precision craftsmanship. Designed to deliver refined beauty and elevated comfort to the modern meeting space.

FERRA brings a harmonious blend of beauty, poise, and elegance to any meeting space, offering elevated materials like fine leathers, rich paints, and polished metals for everyday sophistication and comfort

Beautifully sculptural arms are available in a variety of luxurious metal finishes with an optional leather wrapped inlay.

LEFT | With an extensive graded-in fabric selection, FERRA can be personalized to elevate any space.

RIGHT | FERRA's elegant design encompasses subtle and timeless details.

HALCON

Fine, luxurious materials and craftsmanship make FERRA the perfect conference seating expression.

FERRA's signature ribbon arm is a fluid gesture uniting form and function.

FERRA's tailored mechanism delivers a harmonious response, enhancing comfort with a subtle, intuitive movement - creating a seating experience that feels natural, effortless, and composed.

Beautifully sculpted arms, finished with precision and accented with a rich leather wrapped inlay, balance strength with softness—an expression of refined elegance.

FERRA considered every detail to deliver refined comfort and enduring elegance, transforming meeting spaces into showcases of modern sophistication.
